RE: BSRHA COVID-19 STAFF TRAVEL

With spring just around the corner with these longer days ahead, I hope that you are all doing well. BSRHA would like to inform you on our revised policy on COVID-19 when performing work in Nome and when traveling to the surrounding communities.

In the February 22nd board meeting it was agreed upon by our Board of Commissions that any BSRHA employee who travels to our surrounding villages for business, maintenance and/or repairs must be vaccinated and provide us with proof that they have received the vaccine.

This is to ensure that BSRHA is doing everything we can to protect the safety of of homebuyers, tenants, community members, and our staff.

BSRHA will continue to enforce our staff to follow:

1. The use of masks
2. No travel to communities that have a active travel ban
3. Maintain a safe distance of 6' or more
4. Abide by all local mandates
5. Not to travel when feeling any symptoms of COVID-19
6. Test negative when returning to work after feeling ill

We want our program participants, Tribes, and communities to understand that we are making a good faith effort in securing the safety of everyone when we do business. If you should have any questions, please feel free to contact any of our staff members at 907-443-8600.

Sincerely,

Jolene Lyon

President/Chief Executive Officer
